### DD 2766, Adult Preventive and Chronic Care Flowsheet

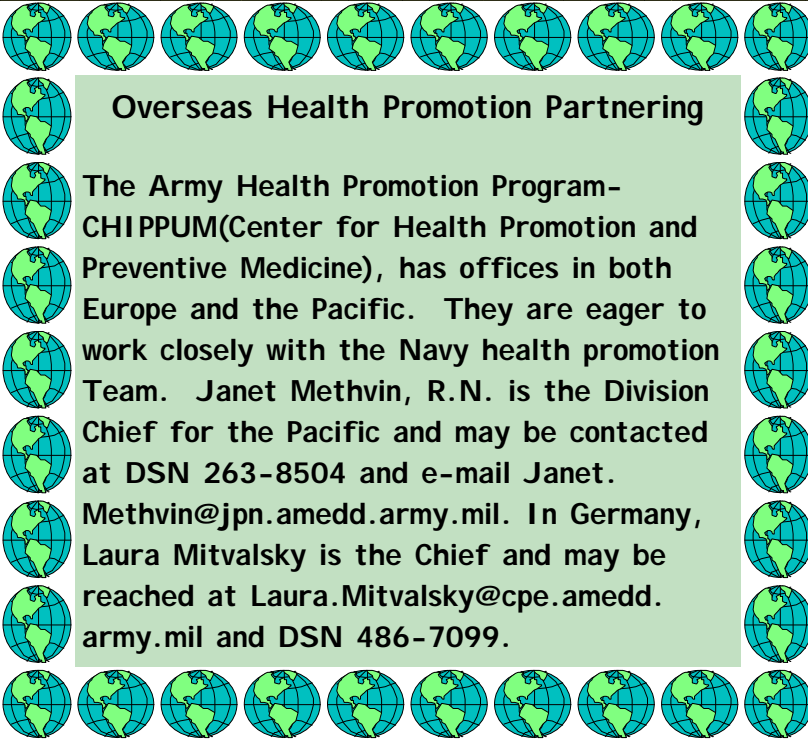

To all, the DD 2766 is not yet available through the supply system. BUMED discovered an error on the printed copies. Rather than release incorrect forms, the DD 2766 is being corrected. The new form will be ready in 2 to 3 months. In the interim, please continue to use the internet to obtain copies of the form and reproduce it locally: <http://bumed.med.navy.mil/pad/DD2766.pdf>. We apologize for any inconvenience.

### PPIP Biannual Questionnaire

A "new" version of this questionnaire on program evaluation for PPIP is being developed and it is expected to be ready by April 00. PPIP Coordinators: please do not send in the "old" PPIP Biannual Questionnaire found as enclosure (1) in BUMEDNOTE 6100. You will be notified when the new survey tool is available. Plan now to share your phased-in plan for PPIP implementation (with timelines) when you complete the "new" version. Thank you.
